How it works

- **You choose, or we match**
A student you know, or one nominated for the First Course Award.
- **A certificate and a free call**
The family and Marcus pick the course and start date together.
- **A note when it is finished**
First name only with the parents' permission.

Please note: Caveat is a small business, so a sponsorship is a purchase of services for a student, not a tax-deductible donation.
