

One college course before 9th grade

For 8th graders: a low-stakes ASU course the summer before high school, a written four-year plan, and a coach each week. Your student does the work; we keep it steady.

Why start in summer

- **The quietest stretch in four years**
About 3 to 6 hours a week, with room for trips.
- **A course about what comes next**
CAP 150 explores careers and majors, so it feeds the plan.
- **Walk into 9th grade ready**
The student already knows how a college course works.

Not sure yet? The free sample college week takes about 90 minutes, and Marcus sends an honest note back.
